

International Network of LIBERAL WOMEN

Financial Report 2015-2016

Driebergen, April 2017

Dear Members,

In the attachment, you find the result of our revenues and expenses on the ABNAMRO account of the final months of 2015 and of 2016.

As you can see our result of the past year is positive. In the meantime, we have come to an agreement with the treasurer of Liberal International of the amount due for our membership of LI. Recently we have paid LI for both 2016 and 2017. This will show in our next overview of 2017.

We have increased in the number of parties that are member as well as our individual members. Especially in Morocco and the Netherlands we see an increase of individual members. I hope that in other parts this will also progress in the coming year. We would like to invite you to approach your liberal friends and ask them to join us.

The possibility of a 3-year membership is taken on by many new members and gives us a better financial position.

Nevertheless, we all must advertise our INLW organization in a more prominent way to increase our influence. As we have seen during our conference in New York, the Commission on the Status of Women, the struggle to get more women in important and decision making positions is still difficult in many parts of the world. Our network is even today after 20 years an important network to support women in their effort to better their position.

I hope to see many of you during our congress in Andorra (May 18th 2017) or during some other occasion this year.

With kind regards,

Lysbeth van Valkenburg-Lely

Treasurer INLW
