

Dakar General Meeting, Wednesday 28th November 2018

During the General Meeting in Dakar, Senegal, the election and appointment took place of several (new) members of the INLW Board. The Board has also decided to install a Consultative

Committee, according to art. 4.5 of the INLW Constitution.

Several members were present during the GM. There was a warm welcome for the New President, Jayanthi Devi Balaguru who was unable to be present herself because of her work obligations. She hopes to meet members in New York during the CSW in March. Words of thanks were especially spoken to Margaret de Vos van Steenwijk, president of INLW during two terms. She gave a lot of energy, time, wisdom, enthusiasm and friendship to all members during those years. We all thank her and hope for her support in her new position as immediate Past President.

Here you find the new formation of the Board and also the group of members who were appointed as members of the Consultative Committee.
